GLOBAL RATE CARD

Why my talks?

Every business owner expects to be successful, then why is the statistics so bad? 86% will fail in 5 years. Why do business owners not work ON their business? Why do business owners not have enough confidence? Why do businesses fall between the cracks of scalability or not build a business of value?

I have worked globally with 100's of business owners for growth - achieved amazing results as we journey with practical business knowledge gained from 55000 hours of entrepreneurial experience.
